Data Usage Restrictions

The data sets used in 37105, *Data Science for Marketing Decision-Making*, are proprietary. Any use of the data other than for class-purposes is strictly prohibited. All students who get access to the data need to delete the data files at the end of the quarter (end of March 2017).

I hereby confirm that I am aware of the proprietary nature of the data, and I confirm that I will delete all data by the end of March 2017.
